EVERYTHING

IS Beautiful

"Everything is beautiful in its own way."

The true meaning of life and our enjoyment of it can only be found through seeking and experiencing the genuine beauty contained in all of our surroundings. At school as well as at home and in the community, beauty is often taken for granted. Too few are the days when we appreciate all the good encompassing us, such as a sunny day, autumn leaves, a refreshing drink, a good book, and a stimulating lesson.

HERITAGE 1971

First Colonial High School
Virginia Beach, Virginia

"Like a starry summer night or a snow covered winter day"

After three months of the beach, various jobs, and numerous hours spent leisurely, we found ourselves facing the inevitable prospect of school. As the doors swung open, we looked back wistfully on the hot days and nights which were the settings of so many wonderful times.

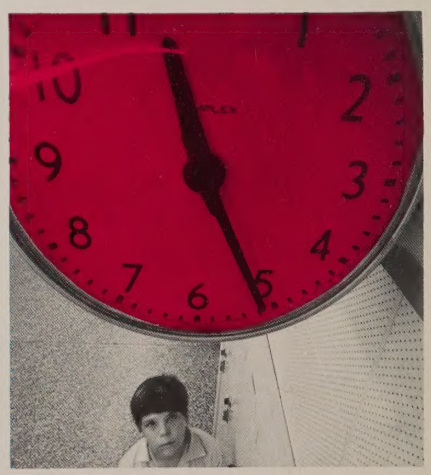
As autumn and the football season passed, the crisp, cold air of winter approached rapidly. It held a certain freshness to our growing participation in the 1971 school year. Times became hectic with Homecoming preparations, college board examinations, and overcrowded halls. This year even more students had to be accommodated with the same facilities. To alleviate congestion a two-shift system was arranged. The upperclassmen attended the first shift from 8:30 to 2:00, and the underclassmen arrived at 10:00 and stayed until 4:00.

"Everybody's beautiful in their own way"

Amid the confusion of twenty-four hundred students, each individual possessed certain qualities that set him apart from all others. Participation in school activities allowed classmates to display their unique personalities. Sports events, special occasions, and regular club meetings enabled us to become a more closely knit student body. We were led by our SCA officers: Bill Fairchild, President, Paula Bechard, Vice-President, Laurie Penner, Treasurer, and Susie Litchfield, Secretary.

"Under God's heaven the world's gonna find a way."

As we struggled to reach or individual goals, we also learned to work with others. Our Human Relations Council was organized this year to provide a means for students to express their ideas. Companionship was helpful to us in facing mounting test pressures, deadlines that had to be met, and everyday frustrations. The childlike desire to shun our responsibilities was tempting, however, reason prevailed. Laughter with friends eased the tensions and brightened our outlooks.

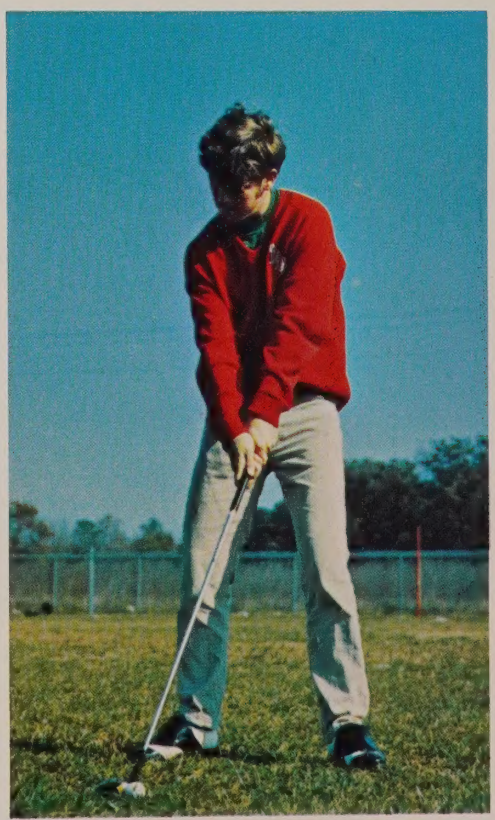


"There is none so blind as he who will not see."

Many people close their eyes to the beauty of life. They see things only as they appear, but fail to notice the inner beauty. At First Colonial the National Honor Society members helped open the eyes of students needing scholastic help by tutoring them after school.

"We must not close our minds we must let our thoughts be free"

Freedom is the most cherished possession we hold in our country and in our school. We have freedom to express our opinions in the classroom, freedom to voice our complaints, and freedom to choose our officers and attendants. Those who do not appreciate or take advantage of our many freedoms are ignoring an important opportunity. With a constant surrounding and confrontation of new faces and new subjects, we must meet all these situations with a ready and open mind. With this attitude we are more capable of gaining the most out of all we encounter.



"For every hour that passes by the world gets a little bit older"

A student glanced anxiously at the clock, hoping it was time for dismissal and escape from the classroom. But as time was wished away, we were only facing another class and another day. We are only young once, and along with youth we are blessed with an eagerness for life and the beauty it contains. Thus, we should appreciate our present position and make the most of every minute. In doing this, we are able to look forward to the future, knowing we have done our best in making the past a pleasant and fulfilling memory.

"It's time to realize that beauty lies in the eyes of the beholder."

An object is only an object until viewed through the eyes of someone who wishes to make it more. Focusing on an object takes no talent. On the other hand to put beauty and meaning into it does require a skill that can only be acquired with constant practice. Those of us who did work at the art of seeing during the past school year have ourselves to thank for the enjoyment that we received when watching the plays, the pageants, and the sports attractions. Beauty, we discovered, could be found even in less spectacular things. We saw it in the contents of our lunch bag, in figures on the board, and in squirming creatures on the microscopic slide.

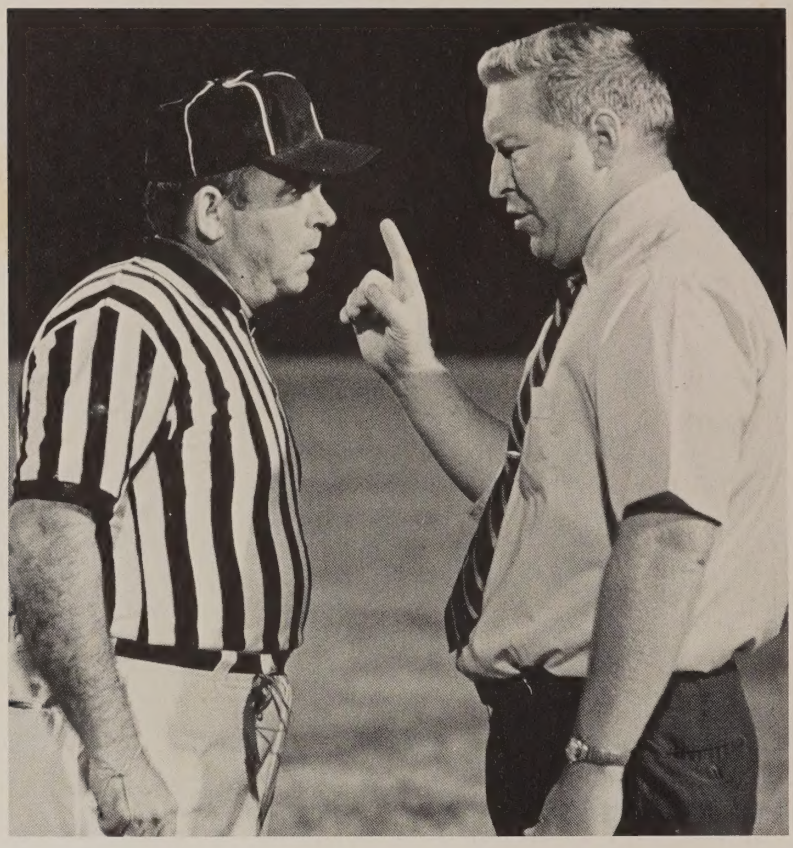
"We shouldn't care about the length of his hair or the color of his skin."

If we look at someone and judge his character by his outward appearance, we are hurting only ourselves. The feelings involved are those of senseless prejudice which result in a complete lack of understanding and caring. If we want to gain all we can out of life in school and in outside activities, we must greet each student and individual with an optimistic smile. By doing so, we are able to see more beauty and life in those that we take the time to get to know.

"Don't worry about what shows from without but the love that lives within."

First Colonial was fortunate this year to have been guided by a working and caring administration. The student body and faculty were led by a very capable principal, Mr. E. Carlton Bowyer, and the assistant principal in charge of Administration, Mr. Charles Caldwell. Skilled and experienced methods were further employed by Mr. Peele and Mr. Atkinson, who were oriented into our system this year.



"We're gonna get it all together now; everythings gonna work out fine."

To obtain the knowledge students sought during the year required the interests of others. A good student-teacher relationship was a major part of this necessity. As students and faculty worked together, we were able to solve our own problems and also to help one another. Both groups put to use much energy in keeping this important cooperation alive. The students activities strengthened this relationship. In many instances members of the faculty exerted an even greater effort, as they stayed after school to help one of their students, devoted their time to sponsoring a club, and staged the unforgettable "Faculty Follies".

"Just take a little time to look on the good side my friend and straighten it out in your mind."

Thanksgiving, Christmas, and spring vacations were ideal times to unravel from school anxieties and to concentrate on having fun. The rush to arrive for class in the allotted five minutes, as well as the frustrations encountered in the fifty minute lessons, were forgotten. Taken out of that environment for a time, we were given a chance to move at a slower pace. Students had time to think and to make decisions. Vacations ended, though, and we returned to school refreshed and prepared to again tackle the brain-teasers we met.

A true friend forever (I hope) I'll always remember you by your pinch (ouch!) I've really enjoyed sitting by you in Algebra and getting to know you. (Sorry you didn't like the class) Mrs. Carter isn't really sooo bad.

Anyway, have a beautiful summer and I hope to see you this summer (or sometime next year even though you won't return to this great school) Next year I get to be the big bad Seniors

Good Luck ALWAYS!

Love ya,

Janet

(J.M.W.)

. . . "Under God's heaven the world's gonna find a way."

Seniors ended the year with a well earned high school diploma. Contained in this diploma were countless hours of work, determination, frustration, and triumph. We were able to face a future of unknown opportunity only through our past, which was filled with patient guidance from our capable teachers. Thus, we are fulfilled with the knowledge that we will be able to become an active and important part in helping the world achieve justice and peace.

Margaret Murphey Reigns As

The thrill and excitement of Homecoming, 1970 was preceded by week-long activities. These events contributed toward building up the spirit for the Homecoming game and dance.

Following the annual parade down Atlantic Avenue featuring floats, attendants, and club officers, Patriot fans watched their team overwhelm Churchland in a 60-0 defeat. Halftime activities featured the Senior float taking first place with the theme,"Our Fair Ladies" and the ultimate crowning of Margaret Murphey as Homecoming Queen.

Hours of hard work, and successful planning led by Lee Withers and Pat Cooper were climaxed by the Homecoming Dance, following the over-all theme of "Jungle Book."

Seniors Are Victorious In Powderpuff Game

Backed by a record crowd, the determined Seniors puffed to a decided victory over the Juniors with a score of 38-8. The injuries and broken fingernails were justly rewarded, as this victory made the Senior girls the first team to retire undefeated. Half-time ceremonies were highlighted by the crowning of "Lonica Cross-Your-Heart" (Lonnie Cross), as Miss Powder Puff 1970.

Merriment Is Revealed Through Christmas Spirit

The merriment of the 1970 holiday season became quite evident as vacation time approached. The traditional Monogram initiation added spice in the halls, as appropriately dressed "elves" belted out Christmas carols upon request. The presence of a small band in the front foyer drew students and faculty, as they sang along to holiday tunes.

The winning door decoration was a result of the talent of Mrs. Owen's third bell English class, as they depicted a Christmas in a P.O.W. camp. With events like these, students were reminded of the true meaning of Christmas.

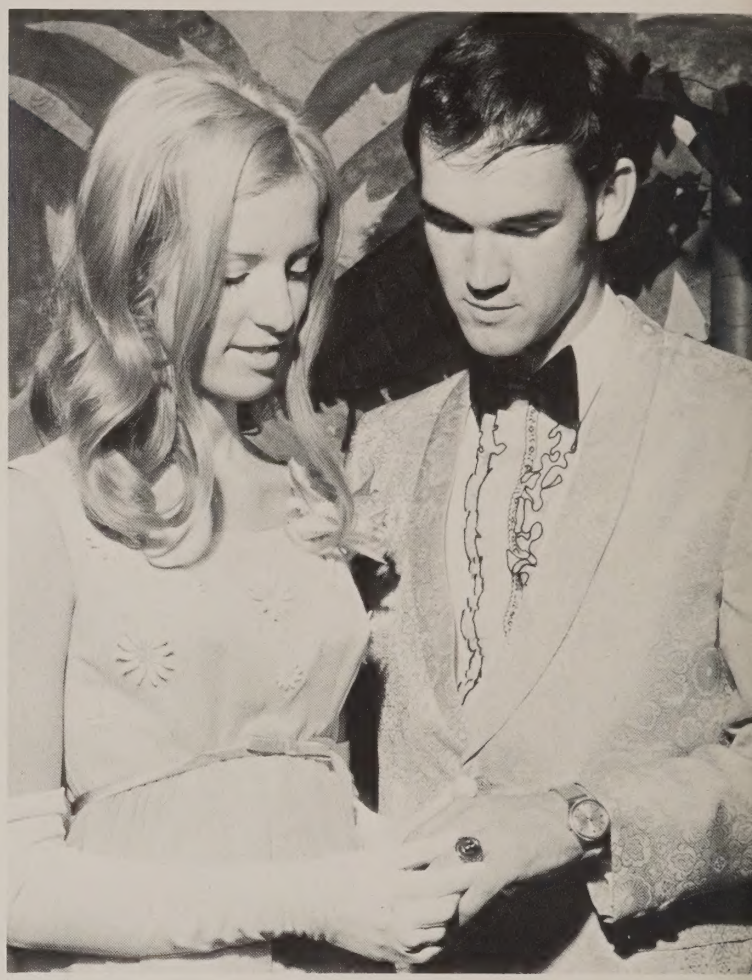
Seniors Reminisce Ring Dance

Skeety Potter and his date admire his new class ring.



On April 18, 1970, this year's graduating class took part in the annual Junior Class Ring Dance. Following the theme of "Treasure Island," couples crossed over a bridge into an array of glittering fish and murals. The ceiling added to the atmosphere by being lowered to a billowy cloud of muslin. After anxiously receiving their rings, students joined others in enjoying the music of "Mason" and the "Ace of Spades." The merriment and gaiety ended all too soon, as couples trailed out of the gym, taking with them all the unforgettable memories of the evening.

On May 3 through 9 of this year, the Virginia Beach Festival of Visual and Performing Arts was held at the Alan B. Shepard Civic Center.

First Colonial was proud to be the school to initiate this non-competitive effort by the entire secondary school population. Included in the week-long Festival were vocal and instrumental music, drama, creative writing, painting, sculpture, original films, dance and photography.

First Colonial's Student Represenative for the Festival was Ellen Overman. City-wide coordinator was Mrs. Lou Lowenthal.

Gifted Students Present Their Skills

The Talent Show was the result of many long, laborious hours of rehearsal until perfection was reached. Linda Murphy was placed in charge of the production of this annual event. Many talents such as singing, skits, and recitals were displayed before a large audience. The show created an air of originality on the night of March 12.

Her attendants gaily added sparkle to the much enjoyed event. The music was provided by a popular Tidewater band. While some danced, others found their way to the refreshments table. When First Colonial High School first opened in September of 1966, this year's Seniors were the eager eighth graders who scurried among the upperclassmen. We saw the growth and development not only of our class, but of the school itself.

With the building of the Senior Homecoming Float, the practicing of the Senior-Junior Powderpuff Game, the Senior Prom and finally our graduation, we climaxed five years of memorable events. Now we look to a future of opening doors and new challenges.

The Freshman class this year had a very full program of money raising projects. All of the ninth grade students found the time to participate in activities such as bake sales throughout the year, a car smash, and a dance and a car wash in the spring. Under the leadership of Mrs. Polansky, the students were very busy, but the efforts the freshmen put forward were rewarded in the spring, when the class decided to have a beach party to relax. The class of 1974 displayed good school spirit all year, and was a great contribution to First Colonial.

The Class of 1975 sponsored many worthwhile projects during the school year in order to raise money for class activities in the future. Sponsored by Mrs. Griffin, students participated in cake sales, a car wash, a dance, and a white elephant sale. All these activities kept class members extremely busy and challenged students to meet necessary deadlines for raising money. Rumor had it that this class of eighth graders was the most school spirited at First Colonial and their activities support this statement.

"Everything Is Beautiful In Its Own Way"

As each of us looks back upon our 1970-1971 year at First Colonial, we experience a sense of possession . . . for our school's traditions, its Alma Mater, its faculty and students, its entire "person." We strive to keep alive the memories of the past year, for each of us played a part in them. Visions of past happenings, the special occasions, as well as our daily skirmishes with life, recapture our fancies. We revisit the memorable moments and again appreciate the beauty that they created.

John-
It has really been fun knowing you these years! May good luck always follow you-
Love,
Lee

Compiling the 1971 **Heritage** was a project both arduous and fulfilling. The final production is the result of the work, trust, and cooperation of many individuals. I would like to thank Mr. E. Carlton Bowyer for giving the annual staff his faith and for permitting the staff freedom in making many of our own decisions. I thank Mr. William McIntosh for the hours of times he afforded the staff and for the superb quality of the pictures he took. Also, from McIntosh Studios, I want to thank photographers Jerry Kelly and Tom Roberts.

The efforts of the many other camera buffs that helped the staff are also appreciated. Mr. John Perry, Hunter Publishing Co. Representative, was an immeasurable asset to the Heritage staff. His counselling helped us to put our ideas into concrete form. I thank our patrons and advertisers for the financial aid that is necessary for the costly extras that contribute so much to a good yearbook. The advisors to the Heritage staff merit considerable thanks. Mrs. Infantino, Mr. Loar, and Mr. Paschall gave of themselves enthusiastically. I thank my staff, for they are the people responsible for meeting the deadlines and for the actual contents of the book. I thank the faculty and students for their support.

Joyce Keller, Editor

The fifth edition of the **Heritage** was published and bound by Hunter Publishing Company in Winston-Salem, North Carolina. This book was printed through the off-set lithographic process. Basic paper stock was Dull Enamel. Type used was Melior 2-point leaded. All senior portraits were taken by McIntosh Studios. Cover manufactured by Kingscraft Covers, Kingsport, Tennessee. Press run—900 copies. Further specifications upon request. Address inquiries to the Heritage, First Colonial High School, 1271 First Colonial Road, Virginia Beach, Virginia.

John,
We've had a lot
of good times in Gov. th
